## Special Notices.

PITTSBURG, May 10, 1866. Messrs. HOSTETTER & SMITH GENTLEMEN: During a visit to the West last fall, I contr cted chills and fever which brought me to my bed, and finally terminated in typhoid fever, and confined me to my bed for several months, during which time I was physically so prostrated that I almost despaired o ever recovering my health; having almost entirely lost my appetite for days, not being able to eat a morsel, added to which I was distressed with a reeling sensation in my head, and passed many sleepless nights-all from debility caused by my prostrate condition, brought about by the fever. At this stage of my condition a friend recommended me to use your celebrated Stomach Bitters, but being morally opposed to the use of stimulants in any form, I at first declined but afterward yielded my prejudices, and, after taking the medicine for several weeks, my appetite returned, and with it I am rapidly regaining my former strength and vigor. My sleep (from the loss of which I have suffered much.) has never been better than OUR PRICES. it is now, and the reeling sensation (before alluded to) has entirely left me. My bowels, which were much constipated and irregular, are now quite natural, and, in fact, I am glad to say that I feel myself a new man, and tender you this testimonial of my appreciation of your valuable preparation in order that others may avail themselves of its virtues, which prejudice prevented me from enjoying for so long a period. I may also add that my physician, after seeing the ben eficial effect which your Bitters had on me, recommended that I use them regularly.
